

CREAMHILL SCHOOLS – MULAGO

P.4 SCIENCE

1. Name the breathing organs of insects.

2. Give any one example of flowering plants.

3. Which domestic animal provides milk?

4. Identify the vector which spreads malaria.

5. State the sense organ for seeing.

6. Which type of stems do pumpkin plants have?

7. Mention any one immunisable disease among children.

8. Identify any one example of plants which store their food in the roots.

9. Which property of air is shown in the diagram below?

10. Name the type of root system which avocado plants have.

11. Give any one characteristic of living things.

12. Apart from root system, give another system of flowering plants.

13. Identify the type of soil which is the best for crop growing.

14. Which type of clouds gives us rain?

15. What is food?

16. Give any one use of water at home.

17. State any one type of family.

18. Name the structures marked Y in the diagram drawn below.

Y _____

19. Apart from sunny weather, give another type of weather.

20. Mention any one component of soil.

21. Identify any one example of harmful insects.

22. Why do animals move from one place to another?

23. What is mulching?

24. Why do plants with weak stems climb other plants?

25. Give any one use of electricity at your home.

26. Which gas is needed by plants to make starch?

27. Write down any one disease spread by houseflies.

28. Identify any one animal which lives in water apart from fish.

29. Name any one type of leaves.

30. Which type of venation do pumpkin plants have?

31. Write down any one use of sand soil to people.

32. What do we call a young plant?

33. Name the best food for babies.

34. Mention any one way of caring for crops in the garden.

35. Identify any one insect that pollinates flowers.

36. Why do people boil water for drinking?

37. Give one example of plants which have upright / erect stems.

38. Which garden tool is drawn below?

39. Identify any one group of living things.

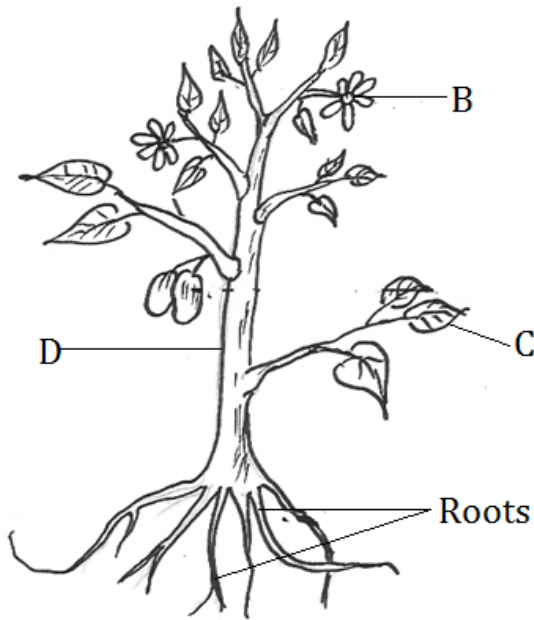

40. Mention any one condition necessary for photosynthesis to take place.

SECTION B

41. (a) What do we call the tiny living organisms which cause diseases?

- (b) Identify any two types of germs.
 (i) _____
 (ii) _____
- (c) Give any one place where germs are found.

42. *Study the diagram below and answer the questions about it.*

- (a) Name the parts of the diagram marked B, C and D.
 (i) B _____
 (ii) C _____
 (iii) D _____
- (b) Give one function of the roots to plants.

43. Write 4Fs in full and in the correct order.
 (i) _____
 (ii) _____
 (iii) _____
 (iv) _____

44. (a) What do we call moving air?

(b) Mention any one use of wind to people.

(c) How is wind dangerous to people?

(d) Identify the type of air which animals breathe in.

45. **Study the diagram below and answer the questions about it.**

(a) Name the parts of the diagram marked D, E and F

(i) D _____

(ii) E _____

(iii) F _____

(b) Which part of the fish above is protected by the gill cover?

46. (a) State any two methods of preserving food.

(i) _____

(ii) _____

(b) Give any one food stuff which is preserved by sun drying.

(c) How is meat preserved?

47. Study and complete the table given below correctly.

Plant	Part where it stores food
Cassava	i)
ii)	Stem
Cabbage	iii)
iv)	Fruit

48. (a) What is a family?

(b) Outline any two types of families.

(i) _____

(ii) _____

(c) Give any one role of a father in a family.

49. (a) Write down any two conditions necessary for seeds to germinate.

(i) _____

(ii) _____

(b) Which garden tool is used to transplant seedlings?

(c) Mention any one type of germination.

50. Study the insect drawn below and answer the questions about it.

(a) Name the parts of the insect marked F, G and H.

(i) F _____ (ii) G _____

(iii) H _____

(b) What is the name of the insect drawn above?

51. (a) What do we call the general cleanliness of the body?

(b) Give any two materials which are used to clean the body.

(i) _____

(ii) _____

(c) Why do people cut finger nails short?

52. (a) List down any two sources of water.

(i) _____

(ii) _____

(b) Write any one use of water at school.

(c) Give any one way of making water safe for drinking.

53. (a) Identify any two elements of weather.

(i) _____

(ii) _____

(b) Give any two elements of weather which destroy plants in the environment.

(i) _____

(ii) _____

54. **Match the following items correctly.**

A

Bulbs

Stem tubers

Rhizomes

Corms

(i) Bulbs

(ii) Stem tubers

(iii) Rhizomes

(iv) Corms

B

Cocoyam

Ginger

Irish potatoes

Onions

55. (a) Write down any two sources of food.

(i) _____

(ii) _____

(b) Give any one example of food that we get from lakes.

(c) Why do people cook food before eating it?
