SECTION B

51. **Read this passage and answer the questions that follow in full sentences.**

VEHICLES

Vehicles are very important in our life.They transport both people and goods from one place to another. Vehicles include; cars, buses, motorcycles and bicycles. Vehicles must be kept in a good condition if they are to function well. They must be checked regularly washed and repaired in case of any mechanical problem. Some vehicles consume fuel like petrol and diesel. Vehicles which consume fuel include cars, buses, trucks and motorcycles. Vehicles which consume fuel must have an engine. Bicycles don't consume fuel because they don't have engines. They move manually. People who operate vehicles should have knowledge about vehicle mechanics. They should own a tool box to help them keep some tools used in repair. Vehicles should also be kept well in a garage.
