51. **Read the passage below and answer the questions about it in full sentences.**

When Mr. Konde went to Kampala, he was excited to see many vehicles on the roads. He saw a lot of cyclists and motorists, all driving at a high speed, where the traffic was light.

All motorists had fastened the seat belts and cyclists were wearing helmets on their heads for their safety. On the side of the road, one motorist had been stopped by the traffic police because he was not driving on the left hand side of the road. The traffic police officers were also helped by the traffic lights to control traffic. Banny, Konde's auntie showed him around the city and they moved along the pavements on the right hand side of the road. This helped them to see oncoming vehicles. As they walked along on highway, Konde saw a signpost reading "BLACK SPOT". All motorists moved carefully when they approached this signpost. His auntie told him that the area was dangerous and many accidents had taken place there. When they wanted to cross the street, they moved to a pedestrian crossing to cross at that point. Konde was very happy because he had learnt how to safely cross the road by using the pedestrian crossing.

SAFETY ON THE ROAD

Traffic, traffic, traffic police officer
See how I'm caught up
Taxis, lorries, buses and horses
All have made the traffic heavy
And no way to pass easily.

Can I use the zebra crossing
To cross the road walking
But I can see cyclists waving
For they're always speeding.

Pedestrians, please watch out
Motorists always about
Ready to knock you out
Even if the traffic is naught
Passengers are also warned rightly
Ever to fasten seat belts tightly
As soon as they are seated happily
A seat belt will keep you safely.
